# TRAILSIDE DISCOVERY

## Summer 2009 Valley Programs

Online registration begins March 16 at [www.akcenter.org](http://www.akcenter.org)!

Accredited by the American Camp Association

Trailside Discovery Camp is a program of Alaska Center for the Environment

## Day Programs Ages 5-12

All of our programs are designed to be both fun and informative. Naturalists lead small groups teaching natural history and the natural sciences, nature craft, social growth, as well as leadership and outdoor skills. Programs emphasize interactive hands-on outdoor experiences. Participants slog through bogs, explore forests, and tread gently across trails learning about nature while immersed in it. Join us for a fun-filled summer in the great outdoors!

**Programs begin at 9:00am and end at 4:00pm.  
Meet at Spring Creek Farm in Palmer.  
6255 Farm Loop Rd.**

### Earth, Fire, & Ice

Get ready for some Earth shaking fun as we explore the forces that shape Southcentral Alaska! Through visits by scientists and field trips that investigate glaciers, mountains, and volcanoes, we will examine how the Earth has fared in her never-ending battle against fire and ice! Cost: \$155.

### Creek to Peak

From Spring Creek to Hatcher's Pass, we'll explore why various creatures choose to live where they do! By investigating the benefits and drawbacks of a variety of habitats, together we will learn why each organism is able to find their niche somewhere in this great land of Alaska! Cost: \$155.

### Wetlanders Quest

Use a microscope to observe tiny water creatures and do the water cycle boogie while you trace your way through the life of a water droplet! Get ready to manage your own plot along the creek, but don't forget your rubber boots because this quest will be a splash! Cost: \$155.

### Survival Challenge

Experience the way people lived long ago! Our staff will guide you through a week of adventure that includes animal tracking, building shelters, identifying and "taste testing" wild edible plants, and backcountry first aid. Cost: \$155.

### Eklutna Campout

The wild country beckons as young adventurers learn about the joys of camping. Explorers learn about low-impact camping and safety techniques to survive a Wednesday - Friday campout at Eklutna Lake (Chugach State Park). Cost: \$175.

### Farm Adventures (Ages 5-9 only)

Get down and dirty as we explore the low down on life at Spring Creek Farm! You'll meet our local shaggy cows and chickens and find out about seeds, soils, and compost. Let the great outdoors rejuvenate your spirit while we explore local ecology and share in the fun of harvesting and eating fresh produce. Cost: \$155.

### Farm and Food (Ages 10-13 only)

Join us as we investigate the cool connections between the Farm and the food we eat. We'll learn about health and wellness while planting, harvesting, and cooking our very own lunch! A variety of fun outdoor activities will help us gain an understanding of our role in local and global food systems while hands-on projects will allow us to practice making healthy choices about what we eat. Bring a healthy appetite as we discover how fantastic farm food can be! Cost: \$155.

## Registration Information - Questions? 274-KIDS

**By Mail:** Complete Trailside registration form. A non-refundable \$25 deposit must accompany registration form. Please note: total balance is due 7 days prior to the start of each session(s). Make checks payable to Trailside Discovery, or complete credit card information on form.

**Send to:** Trailside Discovery  
807 G Street, Suite 100  
Anchorage, AK 99501  
OR fax:: 274-8733

**By Phone:** Complete Trailside's registration form and call Trailside at (907) 274-5437 for credit card payment. Mail in completed registration form.

**Refund Policy:** Full course fee will be refunded if program is canceled by Trailside Discovery and space if a similar program is not available. A 50% refund will be granted to those withdrawing from a course up to two weeks prior to the beginning of the course. No refunds will be granted to those withdrawing from a course within two weeks of the beginning of the course.

**Thanks to:** First National Bank of Anchorage, Alaska Pacific University, Alaska Conservation Foundation, and ConocoPhillips.

**Scholarship opportunities available.**

March 16: Register Online at [www.akcenter.org](http://www.akcenter.org)
